Terra Events at COP 20 - Lima, Peru

Please join Terra Global's Founder and Managing Director, Leslie Durschinger at these following side events at COP-20.

leslie.durschinger@terraglobalcapital.com; 1.415.215.5941

Initiative "20 by 20" Launch Event

 **Date/Time/Location:**

Dec 7, event starts at 11:30, panel at 12:25 - 13:00. Westin Hotel Lima, Urubamba & Arequipa Meeting Rooms.

Twenty by twenty is a country-led initiative intended to contribute to land restoration at a regional level and to support the Bonn Challenge. This will be accomplished through an effort to change the dynamics of land restoration and to target 20 million hectares of degraded land for restoration and avoided deforestation in the Latin America and Caribbean (LAC) region by 2020.

12:25 Panel Discussion: Plans from Impact Investment Funds on Land restoration. CEOs and Managing Directors of Impact Investment Funds will share their plans for investment in land restoration in the region up to 2020.

Large-scale Land Restoration - Creating the Conditions for Success

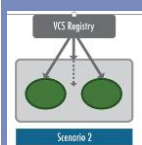

Date/Time/Location:

Dec 7, 14:15 - 15:45 Global Landscape Forum, Westin Lima Hotel & Convention Center.

This session will center on identifying the technical, social and institutional conditions for developing successful long-term initiatives and how they can be sustained at regional and national levels. The findings and discussion will be used to further develop an emerging focus on land degradation of CIGAR WLE and CIAT.

Jurisdictional REDD+: Developments and Lessons from the Field

Date/Time/Location:

Dec 8, 14:00 - 16:00 (Food and drinks provided after the event.) Voices for Climate - Forest Pavilion, Jockey Club Del Perú, El Derby, Santiago de Surco 15023.

A panel discussion on the latest developments in jurisdictional REDD+ design and implementation, including lessons from leading pilot jurisdictions and nested projects.

Financing REDD+: Sources & Strategies

Date/Time/Location:

Dec 9, 16:00 - 18:00 Voices for Climate - Forest Pavilion. Jockey Club del Peru, El Derby, Santiago de Surco 15023

A panel discussion on how to finance REDD+ programs, including recent analysis of supply and demand, options to finance REDD+, and practical experiences in financing a low emission development in Huila, Colombia.

Terra News

[Kulera Landscape REDD+ Project Completes Verification](#)

This project in Malawi has become the first landscape REDD+ program in Africa to complete verification of emission reductions under the VCS with a triple gold CCB accreditation. [Read More](#)

[Terra Global Capital Wins CIG 2014](#)

On Sept 15, NRCS announced that Terra was one of 47 organizations to win a 2014 Conservation Innovation Grant. Their winning project lowers the barriers to adoption of low emission rice offsets by reducing verification costs. One of 4 commercial entities to win one of this year's CIG awards, Terra was granted one of the largest CIG awards of 2014. [Read More](#)

[11 Governments Attend REDD+ Finance Workshops](#)

This series of two workshops leading up to COP 20 in Lima was supported by the USAID funded Regional Climate Change Program (RCCP), in partnership with UN-REDD, IDB and USAID funded Forest Carbon Markets for Communities (FCMC). [Read More](#)

Looking forward to seeing you at COP!
